Baldwin Heiress Reported Ill; Husband Secretly Sends Detectives to Watch Situation at Palace Hotel Is Cause of Sensational Developments

SAN FRANCISCO, Sept. 3.—Acute neurasthenia, the result of litigation over the estate of "Lucky" Baldwin, and which fastened itself upon the principal beneficiary, Mrs. Anita McClaughery, and her husband, Hull L. McClaughery, was reported to be responsible for a sensational scene at the Palace Hotel shortly before midnight, which culminated in the whisking away of the couple by Attorney Gavin McNab.

The presence of two private detectives, and Mrs. McClaughery and her husband occupying separate sets of apartments on the eighth floor of the hostelry, led to the conclusion that a disagreement had occurred between the couple and startling revelations were expected.

Today, however, it was learned that the husband and wife are suffering from a nervous condition, and that the situation is not as serious as it appeared. Mrs. McClaughery arrived yesterday morning from Los Angeles and was given rooms 3001 to 3003. She had left the southern city at 8 p. m. Sunday and soon after her departure McClaughery became much alarmed and wired to a friend here to have a detective assigned to watch over his wife, fearing she might seek to harm herself. Accordingly C. H. Pohlman, with an assistant, promptly hired room 3121, directly across the hall from the suite occupied by Mrs. McClaughery, in order that a watchful eye might be kept upon her.

HUSBAND APPEARS.
The husband, however, was not satisfied and yesterday morning decided that he would follow and come to this city. When he arrived he decided not to disturb his wife and took apartment 3111, where he, too, could be an odd situation. Mrs. McClaughery were in the house soon after and McClaughery promptly confessed that he had hired them.

"My wife is in such a high nervous condition that I engaged these men."

120,000,000 Disease Germs in Lost Bottle

Enough Bacteria to Infect Entire City Found on Railroad Track.

BINGHAMTON, N. Y., Sept. 3.—A bottle containing 120,000,000 disease germs, enough to infect an entire city, is awaiting a claimant at the police station here. It was lost from a train, probably from an express car.

The bottle was being shipped from the New Jersey state laboratory, probably for experimental purposes in some other laboratory. It was found lying near the track by Patrolman John McGinnis.

What would have happened had some person found the package and opened it is a matter of much speculation here.

TRIBUTE WILL BULLETIN THE ELECTION RETURNS

FOLLOWING its policy of being "first with the news," THE TRIBUNE tonight will furnish bulletins of election returns at the old baseball scoreboard stand, Eleventh street, near Broadway. A competent corps of operators will be on hand to relay the figures as fast as they are brought from the polls by TRIBUNE messengers. In addition THE TRIBUNE will publish an extra as soon as justified by the returns.

CONSPIRACY CHARGE IS DENIED

W. M. Wood Pleads Not Guilty When Called in Court

BOSTON, Sept. 3.—William M. Wood, president of the American Woolen Company, pleaded not guilty in the Superior Court today to an indictment charging him with conspiring to distribute dynamite in Lawrence during the textile strike in that city last winter.

Assistant District Attorney Lovell told the court that the hall of \$5000 had been fixed by a commissioner last week and was satisfactory.

Samuel L. Powers, attorney for Wood, said that he had no time to become acquainted with the case and therefore did not know if he would ask for a speedy trial. It was declared that two other men indicted in connection with the case, Dennis Collins, Cambridge dog fancier, and Fred E. Atteux, a member of F. E. Atteux & Co., dye and color manufacturers of this city, were later taken into court on indictments charging conspiracy.

Governor Johnson Is Forced to Take a Rest

LINCOLN, Neb., Sept. 3.—Governor Johnson originally was scheduled to make five addresses in Lincoln, but as he was exhausted from speaking in the rain at Topeka yesterday and a

long night train ride he was forced to call off some of his engagements. At noon he retired at Governor Aldrich's mansion and requested the Progressive committee to confine his addresses to the convention only if possible. The governor's condition, however, was not serious. The governor had planned to call on W. J. Bryan at Fairview farm, but it appeared that he would be unable to do so.

RIOTING CONVICTS COWED BY MILITIA COMPANIES

Fleeing Prisoner Is Shot Down When He Disobeys Command to Halt

JACKSON, Mich., Sept. 3.—Rioting convicts of Jackson prison entered the prison bull pens today and liberated about seventy-five fellow prisoners. An hour later the prison authorities had the convicts apparently cowed by the presence of Jackson militia companies and firemen and special officers.

One fleeing convict, failing to halt when ordered, was shot down by a guard, but not seriously injured. Every prisoner secured weapons of some kind after gaining his liberty from the bull pens. Knives, hammers, barbed staves, etc., were used by the convicts in an endeavor to overpower the guards stationed inside the prison walls.

On seeing the fire department enter the prison yard, many murderers fled back into the prison while others hid in the various factory buildings, hoping to stop over the walls when an opportunity presented itself.

Death Calls William Cluff, The Well Known Merchant

William Cluff, the well-known merchant, head of the William Cluff Company of Oakland and San Francisco, died today at his home in Menlo Park. He had been ill for several weeks. He was a native of Ireland and in his fifty-sixth year. For many years he had been engaged in the mercantile business in California. His death will be a distinct loss to the commercial world in which he held a most enviable position because of the sterling worth of his character, his broad humanity and philanthropy.

VOTING FOR GOVERNOR IN VT.

Hot Fight in New England State Brings Out the Voters

WHITE RIVER JUNCTION, Vt., Sept. 3.—Vermont is electing a governor today.

A three days' rain storm still was beating down on both sides of the Green mountains of Vermont today, when voting began, but predictions of clear weather by noon were made. The Republicans maintained that there was sufficient party loyalty to elect Allen M. Fletcher, of Cavendish, governor. The Progressive managers rely on a substantial vote for Rev. Frazier Metzger, the party leader, while the Democratic leaders are confident of pulling the full party strength for Harlow Howe.

Many politicians pointed out today that while the total registration in the state at each election in the last 25 years was close to 120,000, it has been seldom that more than 65 or 70 per cent of those enrolled to vote have come to the polls.

GET FIRST RETURNS.

The first town to be heard from was Woodstock and gave the vote for representative in the legislature as follows:

Killings (Republican), 335; Robinson (Progressive), 131; Canfield (Independent), 44. The same town in 1910 gave the following vote for governor: Mead (Republican), 241; Watson (Democrat), 30.

PRIMARY VOTE IS LIGHT ALL OVER THE STATE

Indications Point to Triumph of Foss, Mullins and Murphy for Supervisorial Candidates by Substantial Majorities

Voters Search Ballots in Vain for Candidates for County Convention, Resulting in Considerable Confusion

SOCIALISTS ARE ACTIVE IN THE SOUTH

CONGRESSMAN JOSEPH R. KNOWLAND'S nomination for re-election by the Republicans of Alameda county by an overwhelming majority is foreshadowed by reports this morning from polling places throughout Oakland and vicinity where electors are stamping their ballots in a state-wide primary.

Watchers and workers in the various districts, having kept careful check on the voters as they emerged from the polls, were able at noon in almost every instance to report that Knowland was leading by almost 2 to 1. A statement issued from the Knowland headquarters at noon claimed the day by not less than 5000, with every indication that the majority would exceed that figure.

Supervisors John Mullins and Fred Foss also showed early strength in their districts, West Oakland going strong for the former and East Oakland and Berkeley rallying to the support of Foss.

The surprise of the day is developing at the prospect of a vote that will not exceed fifty per cent of the county's registration. Up to noon precincts throughout Oakland, Piedmont and Berkeley showed that not more than twenty-five per cent had cast their ballots, while in many instances the percentage dropped to fifteen. The string of holidays coming in succession, enabling many people to go into the country, was generally blamed for the disappointment expressed by both sides.

Thief Flees Before Brave Girl Who Runs After the Robber.

SAN FRANCISCO, Sept. 3.—A burglar who broke into the home of Louis Hertz, 2647 Pierce street, cashier for Sinsheimer & Co., was routed by Miss Moskowitz, the maid, last evening before he had an opportunity of gathering up his loot. The young woman heard a noise down stairs while she was walking along the upper hall. Running down she observed a man ransacking the parlor. She approached and he fled out the rear door. The girl pursued but the culprit climbed a fence and made his escape.

1000 Killed and 700 Are Taken Prisoners by Chinese Force.

CINCINNATI, Sept. 3.—The Chinese force of Manchuria has telegraphed to the government, says a dispatch from Peking, China, to the Chicago Daily News today, "that General Chang Cho Lin attacked a large force of Mongolians near Tsung-tai, defeating them after a 12-hour engagement. The Mongolians lost 1000 killed and 700 taken prisoners. The Chinese captured five guns and much ammunition."

posed today at a special election. The amendments include the initiative and referendum, women's suffrage, liquor to be municipal homes, change the change in the judicial system and good roads. Because of the unusual length of the ballot, and because of the 42 amendments, the election will be held on a Tuesday, instead of a Monday, as was originally planned. Many voters consumed ten to 15 minutes in voting. Secretary of State Graves said it is the return of the election would be slow. The voters will not be returned until late tonight. lative and judicial nominations have been placed before the voters by the Progressive, Republican, Democratic and Socialist parties and never before. The Socialist declared, were the registration lists made so closely to identify it possible the factionalism of voters, while the list of challengers in most precincts were doubled.

With yesterday's great turnout in the Labor day parade Socialist managers renewed courage and in their speech to the crowds during the afternoon claimed that at least one of the five superior court judges and "several" of the other candidates on their tickets would be nominated.

When the polls opened this morning lines of workmen were waiting for the ballot, and these were being constantly augmented by persons cast out from automobiles hea-

judicial, legislative and congressional tickets.

FRESNO, Sept. 3.—Rain this morning ushered in primary election day and as a result early voting was very light. Comparatively little in-

terest is being taken in the primary. Aside from one or two local contests the congressional contest in the Seventh district is the only one ex-

citing interest. J. C. Needham of Modesto is opposing Charles P. Fox of Bakersfield, Robert L. Hargrove of Madera and Alexander S. Kramer of

ABRAHAMSON'S
MILLINERY
OPENING

Bank of Savings
Twelfth Street

H. C. Capwell Co.

NOTE—This column will be occupied from time to time by an article reflecting the policies, happenings and opinions of this House of Trustees upon various points of public interest.

Seen and Heard
About the Store

Our windows will be unveiled promptly at 8 o'clock Wednesday evening that you may have your first glimpse of Capwell's exhibit in the Oakland Fashion Show.

On Thursday morning when the doors are thrown open the whole store will be in readiness to greet you for three days of style exhibition—for three days of favorable buying.

Our buyers who wear east are having so much to say about the fascinating new autumn colors. I've heard them talking about Irish green, lobster, banana, concord, biege, cornflower and wedgewood blue and an irresistible new shade called Maxine blue.

The chef d'oeuvre of our costumes to be shown in the Fashion Show this week is a regal costume of this latter shade with evening wrap to match. It will be seen in the corner window on the Clay street front. This new shade is just off the king blue with a slight purplish tinge to enhance its richness. It's bound to be a favorite here this season, as it is in New York and Paris.

"I feel at home the minute I strike Capwell's," says the visitor from town or country.

We WANT you to feel at home here.

Please write your letters here, rest here, see the sights here from the roof garden. Promenade, take luncheon and tea here and loiter in the store or in the roof garden and feel that Capwell's is YOURS.

Capwell's is so much more than a selling place that it scarcely occurs to us to add, "Do your shopping here." You need not need any reminder as to that, however—the store is so full of delightful new things, some of which you will want to take home with you.

But shopping or not, please bear in mind that the hospitality of Capwell's is extended to you always.

Repose!
Sounds strange, doesn't it? For who of us ever rests—in the sense of absolute abstinence from action—except when asleep?

And even then, alas, oftentimes our minds refuse to rest. But we turn our "days of repose" to good account by getting away from the tense side of things into the abandon of the out-of-doors by climbing wooded hills, pedaling or motoring along tree-and-meadow-and-garden, and forest-bordered roads, rowing, golfing, riding and playing tennis.

"The best kind of repose." It is part of the Capwell service to help men and women make the most of their "days of repose."

What have you planned for Admission Day?

Are you going automobiling, motor boating, golfing, going to play tennis or croquet—to the beach for a swim, or to the mountains for a climb?

We have everything you need.

I paid another visit to the receiving room yesterday evening. I never fail to get something of interest here to tell you about in this column. Such an ever-varying scene as it presents these getting-ready-for-a-new-season days. But yesterday I was greeted by such an unexpected sight. Instead of the boxes, small, medium and large, containing blouses, suits, dresses, furs, hats, trimmings, shimmering silks and velvets—all the counters and spare floor space were heaped with toys.

A veritable Toyland. I thought Santa Claus had confiscated these spacious quarters for his store room, there was such a multitude of toys everywhere I looked.

Such a host of dolls, mechanical toys, musical instruments, tiny trunks, games and all the interesting and lovely domestic and imported devices specially conceived and made for the pleasure of children.

The receiving clerk told me it was the advance shipments for the new Toy Department to be opened October 1st. I marveled at the word "advance" for where could any more possibly be put?

Assuredly there will be no Toy Department like it on the Pacific Coast.

AGED WATCHMAN
KILLED BY A FALL

Accident on the Waterfront Causes the Death of Jas. McMullen.

While making his rounds on the estuary waterfront last night, James McMullen, an aged night watchman, fell from the quay wall to the deck of a scow, sustaining injuries which resulted in his death before the body was found by other workmen employed by the Healey-Thibbets Company on the quay wall. The body was removed to the morgue.

McMullen was about 65 years of age, and is survived by a widow. His home was in Fruitvale.

The cause of McMullen's death has not been determined. When found the body was lying half across a high power electric wire connecting with the heavy pumping plant of the quay wall contract. It is possible that the man may have been electrocuted, although no traces of burns were found on his person. Concussion of the brain from the fall may have been the actual cause of death.

It is believed that McMullen either stumbled while he was walking along the edge of the wall or that he suffered from an attack of heart failure and fell. The fall was only about six or eight feet.

The coroner's jury, which held an inquest at the morgue after John Tracey, an employee of the Healey-Thibbets Company, had notified the police.

Husband With Revolver Stood Outside Cafe on Lookout for Spouse.

SAN FRANCISCO, Sept. 2.—Charged at the city prison with carrying concealed weapons, William Lee, who gave his occupation as a carpenter, but who is alleged by the police to be W. J. Newby, an attorney of 1447 Seventeenth avenue, Oakland, was arrested last night. Police officers, claiming that Lee had been seen in the company of a woman, were waiting for the arrival of the woman when Mrs. Lee rushed forth from the cafe and denounced the prisoner to the crowd that had gathered round.

Lee informed the police that a young man who had been doing some amateur detective work in following his wife, had told him she was with a man on an outing to a Pine street restaurant. He said he had been in the restaurant and had seen the woman with the man. He said he had been in the restaurant and had seen the woman with the man.

WOMEN'S FALL SUITS \$15.00
\$25.00, \$30.00, \$35.00 Values

If you have been waiting for a sale of Women's Fall Suits to start, wait no longer, for here is the sale of supreme importance to you. Five hundred women's suits in tailored and fancy models, fine men's wear serges, classy mixtures in mannish effects, new chevots and worsteds, browns, navy blues, grays and mixed effects; all of them late new styles, with guaranteed linings, haircloth fronts and new shaped skirts; are on sale at the remarkable price of \$15.00.

We have been gathering these suits together for some weeks past and present a most unusual collection in women's and misses' sizes for your choosing today. Many of the values run up as high as \$25, \$30 and even \$35, and nearly every suit in the collection is a correct Fall style. Taking it all together, these suits are the most remarkable values we have ever been able to offer so early in the season, and with a full season's service ahead on every one of them they will be quickly snapped up at this special price.

We strongly urge your early attendance at this sale if you have any need whatever of a new Fall Suit, for it is questionable if such an opportunity will again present itself until after the season is over.

\$25, \$30 and \$35 Suits on Sale now at \$15.00

NEW Autumn Coats for Women and Misses, Worth Up to \$25, on Sale at \$15.00

This sale of Women's Coats at \$15.00 is a sort of companion sale to the big suit offering now in progress. A big assortment of the newest Fall coats in chinchillas, double-faced materials, fancy mixed coatings, serges, etc., is on sale at this attractive price. All the new Fall styles are represented and there are models in the three-quarter length as well as in the full length. Styles are particularly pleasing, and there is a wonderful variety from which one may choose. Many of these coats are sample garments from New York's best makers, some are samples from our own factory, some have been manufactured from short lengths of fine materials in our own eastern plant; scarcely any of them are less than \$19.50 and most of them \$25 and \$30 values. Choose from these today at \$15.00.

EARLY SALE OF WOMEN'S FALL HATS

Worth \$12.50. On Sale at \$7.50. Stunning new trimmed hats for early season wear, in black, white, taupe, fuchsia, midnight blue and other popular Fall colorings. New Royal George, sailor shapes in velvet and felt, trimmed in Mercury wings, velvets, ribbons and flowers; extremely smart models which would bring \$12.50 in most places. On sale here at \$7.50.

WOMEN'S SILK WAISTS \$2.95
Worth Up to \$5.00

About two hundred new Fall Waists for women in taffeta and messaline, in black, brown, navy, gray, in both tailored and fancy dress models, are on sale today at \$2.95. Beyond question they are the choicest waists shown this season for such money. Every style is a late fall model, and all sizes are in the assortment. You can save \$2 on every one of them, for, instead of being priced at \$5, they are on sale today at \$2.95.

BUSY DAY ON
OAKLAND ESTUARY

Drawbridge Swings 27 Times in Two Hours for Passing Vessels.

A new "speed" record was established for this year at the Webster street bridge when during the morning hours, from shortly before 9 o'clock this morning and 11 o'clock, the big bridge swung for a total of 27 times to let vessels pass in and out of the stream. From midnight until 8 o'clock the bridge between Alameda and Oakland had no work but shortly after that hour the shipping in the lower harbor began waking up. Most of the craft passing through the bridge were tug boats and schooners in tow. One lumber carrier, the steam schooner "Case" arrived directly from sea, with a lumber cargo for East Oakland.

The State tug Governor Irwin was brought in under tow of the State tug Governor Markham this morning. The vessel was taken to the United Engineering Works where she will undergo a general overhaul. It is reported that both the Markham and the Irwin will be stationed on the local front in anticipation of heading off a big oil spill coming from the coast.

The overhauling and inspection of the oil tanker Catalina of the Coast Oil Transportation company, which has been going on at the local yard of the United Engineering Works for the last few days, will be completed in the very near future. During the tanker's stay at the local yard, her boiler and outside fittings have been thoroughly overhauled and painted and she will be practically as good as new when she leaves this side. In addition to her other repairs the Catalina will have a wireless outfit installed. At present this is the only craft of the Coast Oil Transportation people not equipped with this apparatus.

CHILD CRUSHED TO
DEATH BY VEHICLE

MORISTO, Sept. 2.—A five-year-old boy was found dying yesterday afternoon by attorney J. W. Hawkins at Twelfth and L streets. A physician was immediately notified but the child died a few minutes after he arrived. The little boy had been crushed under the wheels of some vehicle, the driver of which was not known.

The father of the child is Alfonso L. Fogarty, 1125 Thirteenth street. After having been run down by the plucky youngster had dragged himself to the sidewalk, but was unconscious when discovered. The vehicle had crushed the child's chest and dislocated the spine.

SEARCH FOR MISSING BOY.

Dr. T. R. Wilson of Turlock telegraphed to the Oakland police last night asking that a search be instituted in this city for his son, Carl, 10 years of age, who has been missing from his home in Turlock for a week. The boy left home and told his mother he was going to San Francisco. The boy was short and stocky in build and was knickerbockers and a red jacket when last seen.

T. L. Duke, Murfreesville, Ga. Route 1, is in his 30th year, and was recently married to a girl named Blodgett. After having been run down by the plucky youngster had dragged himself to the sidewalk, but was unconscious when discovered. The vehicle had crushed the child's chest and dislocated the spine.

DIVES 90 FEET
OFF EADS BRIDGE

Boy Makes Good His Boast by Landing Safely in the Water.

ST. LOUIS, Mo., Sept. 2.—Diving 90 feet and turning two somersaults in the St. Louis River, 18 years old, made good yesterday afternoon a boast of two weeks ago when he said he would plunge into the Mississippi river from the highest span of the bridge. He performed the feat before a large Labor Day crowd which thronged the river.

Working his way through the crowd King climbed onto the pier and before spectators could stop him, removed his street clothes and, attired in a bathing suit he wore underneath, leaped into space.

He turned twice, as he said afterward, to break the force of his fall. The youth landed in perfect position, was under water several seconds, and then came to a skill which was awaiting him.

AGED G. A. R. VETERAN
DIES AT FAMILY HOME

FRUITVALE, Sept. 2.—Albert Schoeder, 1228 Short street, Fruitvale, a civil war veteran and member of Lookout Mountain Post, G. A. R., died at his home last night after a long and painful illness. Schoeder was 80 years old and a native of Germany. He had lived here for a number of years.

The funeral will be held tomorrow from the Great D. Miller Undertaking parlors, East Fourteenth street, near Twelfth and Franklin streets. Burial will be in Greenlawn cemetery. The deceased is survived by a wife, Mrs. Maud Schoeder, and two sons, Frank and Earl, and one daughter, Mrs. Minnie Lawrence.

VALUABLE CANARY
BIRDS ARE STOLEN

Burglar Leaves Jewelry and Money to Get Sweet Songsters.

ELMHURST, Sept. 3.—A burglar with a penchant for fancy canary birds, broke into the aviary at 1955 Nineteenth street, last night, at the home of Mrs. O. J. Teal, a bird fancier of this section. A quantity of jewelry and money, being around in the room through which the burglar passed was overlooked by him. The canary birds are valued at \$10 apiece. Ten were stolen.

Why Women Are Not Rich.

Man is a millionaire many times over in the possession of blood cells. Woman is not quite so rich, for scientists have proven that the normal man has five million—the woman only four and a half million to a cubic millimetre of blood. In fact, is anemic, the blood does not get the right food and probably the stomach is disordered.

Dr. R. V. Pierce found years ago that a glyceric extract of golden seal and Oregon grape roots, queen's root and bloodroot with black cherry bark, would help the assimilation of the food in the stomach, correct liver life and in Nature's own way increase the red blood corpuscles. This medicine he called Dr. Pierce's Golden Medical Discovery.

"I was attacked with a severe nervous disease, which was caused by a disordered stomach and liver," writes Mrs. J. A. D. Lewis, of Washburn, Tenn., Route 2, Box 25. "All my friends thought I would die and the local physicians gave me up. I was advised to try Dr. Pierce's Golden Medical Discovery and I found that nothing would cure me but Dr. Pierce's medicine. It has done much for me and I am a permanent cure. I have given it to my children and it has done much for them. I have given it to my children and it has done much for them. I have given it to my children and it has done much for them."

CUMMINS NOT TO SUPPORT TAFT

Iowa Senator Tells Why He Will Vote for Colonel Roosevelt.

DES MOINES, Iowa, Sept. 3.—Senator Albert B. Cummins of Iowa, in a public statement issued today, declares that he expects to vote for Colonel Roosevelt for President, but is opposed to the formation of a third party. He does not believe that Taft was the choice of the Republicans of the nation.

"The renomination of President Taft," said Senator Cummins, "was opposed by an overwhelming majority of the Republicans throughout the country, simply because in his administration of the office of President he had not done or said the things which the great body of the people believed he should have done and said. A majority majority succeeded in renominating him."

The senior Iowa senator then reviews the basis of representations by means of which, he claims, states with but a meager Republican vote dominated the conventions and forced on the great mass of the party men undesirable to the majority. Continuing he said:

"The man who could not see that there would be rebellion whenever these over-represented states forced a nomination against the strong opposition of the states in which there is a real Republican party, was blind as a bat, and the man who could not hear the rumbling of the rising storm was deaf as an adder."

MIGHT HAVE WAITED.
"If the convention which nominated Mr. Taft had changed the system to obedience to the popular demand we might have had patience to wait, but as though wanting to furnish every reason for revolt, it attempted to fasten it still more firmly upon us. If this were all we would be amply justified in overthrowing the system by refusing to accept the nominee. But this is not all."

"The system, indefensible as it is, was not enough to overcome the adverse majority in the Republican state and therefore the compliant committee, and following them, the convention, deliberately seated Taft delegates from Washington, California and Arizona and Texas who had no shadow of title to seats in the convention."

RECORD EXAMINED.
"I speak of these states because I have examined the record as to them and have reached a conclusion after the most careful study and reflection. And thus the will of a tremendous majority was defeated by the power of a bad system and the machinations of a committee."

"I take no pleasure in reciting these things for I would like to support a Republican candidate for President. There is but one way, however, to make sure that the system of the Chicago convention will be abolished and its scenes never repeated, and that is to make it plain that the candidate who is the product of the beneficiary of the methods cannot reach the office to which he aspires. Therefore I cannot support Mr. Taft."

"Therefore I cannot support Mr. Taft. In so saying I am all the more a Republican for it is clear to me that the existence of the party depends upon a quick and emphatic condemnation of the wrongs I have mentioned and I am in perfect harmony with the declaration of the Iowa Republican platform."

"CONSCIENCE" PLANK.
Cummins then quotes the individual conscience plank of the Iowa Republican platform in which it is left to the voter to determine for whom he will vote for President. Continuing he says:

"The reason the Republicans were so largely against the renomination of Mr. Taft was their profound conviction that he is not a progressive and does not believe in a proper sense that the people should rule the country. The fact that this was the attitude of the vast majority of the Republicans proves to me conclusively that a new party is unnecessary, untimely and unfortunate. I fear that it will retard rather than hasten reforms. Theodore Roosevelt was the manifest choice of the greater number of Republicans, who expressed a choice for President. He is appealing to the moral and progressive forces of the people and I expect to vote for him; but it must be understood that I will do so protesting against the organization of a new party and dissenting at some of the doctrines of his platform."

MANY STUDENTS AT ST. MARY'S

Catholic College Opens Today for Its Fiftieth Academic Year.

St. Mary's college celebrated the anniversary of its fiftieth academic year of activity this morning at 10 o'clock when one of the largest number of students in the history of the Catholic institution was greeted by the faculty.

In the four departments of arts, letters, science, high school and commerce it is estimated that 150 students have been registered. The number of day students in attendance during the fall semester will be considerably greater than that of previous years, according to Brother Zenonian.

During the summer months a great number of improvements have been made in and around the college premises. The commissary department has been greatly enlarged, a brick addition to the present quarters, covering an area of 80x40 feet, having been built in the courtyard. This space has been enlarged and beautified and rendered more serviceable by a coat of asphaltum. Several new classrooms have been built in the college building proper. In the chemical and physical laboratories the heads of these courses report the acquisition of valuable apparatus during the past eight weeks.

An innovation in courses of study at St. Mary's established this year are the prelegal and premedical courses, the former including Roman law and constitutions and the latter embracing chemical and biological study and research. The English course will be featured with the study and actual practice in dramatic construction. Rev. Brother Leo, head of this department, which is included in the college of arts and letters, reports that a critical study of the best works of Shakespeare will be continued in the junior and senior classes.

The following is the personnel of the faculty: Brother Fabrice president, Brother Lewis vice-president, Zenonian treasurer and registrar, Z. Leo head of the department of arts and letters, V. Leo head of the department of engineering, Vantasin commerce department, Jasper, department of education, Lucius high school, Veltman head of the preparatory department, V. Cyril master of discipline and Rev. J. J. Cranwell college chaplain.

LION LOSES IN FIGHT WITH CIRCUS ELEPHANT

SOUTH NORWALK, Conn., Sept. 3.—In a terrific battle with an elephant in the main tent of a circus yesterday, a full grown African lion named Prince came off second best. In fact, so badly is the big cat injured that he may not recover.

The lion and Queen, a lioness, occupied while being fed. There was a stampede among the spectators, and several were bruised. The lions paid no attention to the human beings.

The elephant, tethered nearby, knocked the lion away from a camel with one blow to his trunk. Prince sprang for the elephant's chest, sinking his claws in the leather hide until the blood flowed in streams. The great trunk coiled around the cat again and dashed it to the ground. Prince regained his feet and leaped for the forehead of the elephant, but was knocked senseless by one blow from the trunk of the maddened elephant.

BLACK HAND WARS ON ROCKEFELLER

Organization Threatens to Kidnap Oil King and Grandchildren.

NEW YORK, Sept. 3.—The secret of the present agitation and alarm of the John D. Rockefeller estate in the Pocantico hills, where for weeks the order and crime have been frequent, has been learned. To preserve order on the Bedford road estate the order, a force of four private watchmen, has been increased to eighteen, all of them from their father's residence.

revolvers and complemented by five savage Great Dane dogs. Three deputy sheriffs in command of Under Sheriff Nossiter of Westchester county and six of the most trusted operatives of a detective agency in command of Detective A. J. Boyd are also on guard.

The armed negroes, deputy sheriffs and detectives have been called into action to guard the road estate which has so long gone immune in its operations at the Pocantico hills has become so emboldened as to threaten the lives and property of Rockefeller, the lives and property of his grandchildren, and his grandchildren, demanding a heavy ransom if their communications are impeded on the spot, threats called in to trail and arrest them.

They have threatened murder against Frederick A. Briggs, superintendent of the estate, and a big negro foreman named Dunson, who bosses teamsters and other gangs of Italian laborers on the grounds.

John D. Rockefeller Jr. goes nowhere about the estate unless accompanied by guards and Briggs, who bears a reputation of being a severe if just taskmaster, feels that he has been especially marked by the crime.

One letter sent to Rockefeller was mailed from Palermo, Italy, where the Black Hand of New York was in the grip of many million dollars in the name of many million dollars and ordered the Black Hand to open communications through a named channel.

ENORMOUS OUTPUT OF FRUIT CROP

Train 173 Miles Long to Carry
Away Product of Cali-
fornia Orchards.

SAN FRANCISCO, Sept. 2.—One striking phase of the productivity of California soil and climate, and a pointed comment on the present prosperity of the State, is to be found in this season's yield of dried fruit and canned vegetables and fruits.

The particulars have been compiled by Lewis E. Stanton, Pacific Coast freight manager for the Chicago, Milwaukee and St. Paul road, who has taken the pains to have his estimated figures checked by some of the leading growers and shippers.

Stanton has figured that this season is producing 11,500 carloads of dried fruits. As freight cars average 41 feet in length, this means a train of dried fruit 52 miles in length.

Canned fruits and vegetables have been produced in quantities so as to require 15,000 cars. This latter means a train about 56 miles long. These cars will hold in the aggregate 6,500,000 cases.

The dried fruit output can be looked at in this way:

	Tons.
Prunes	1,000,000
Raisins	70,000
Peaches	30,000
Apples	20,000
Apples, pears, etc.	10,000

Total 1,230,000 tons. Stanton, with those who verify his figures, say that as values fluctuate it is difficult to express these products in dollars and cents. They think, however, that \$15,000,000 is a fair valuation on the dried fruits this year.

On canned vegetables and fruits they are of the opinion that \$15,000,000 is a proper figure.

No estimate of the almond and walnut crop is included. Their production has been favorable this year, so the output would materially add to the strength of the showing made, both as to quantity and money represented.

Neither has there been included in these estimates several hundred carloads of pineapples from Hawaii and a greater number of cars of Alaska salmon, which are to pass through this port on their way to eastern consignees.

CORDONA, SKETCH ARTIST AND WIZARD OF THE WIRE

VICTORIA CORDONA, "WIZARD OF THE WIRE," WITH BARNUM AND BAILEY CIRCUS COMING HERE THURSDAY.

The talents of Victoria Cordona, the Barnum & Bailey circus "wizard of the wire," are not vested solely in her nimble feet. When she isn't dumbfounding onlookers by her feats on a slender steel midair thread, she may generally be discovered ensconced in a corner of the circus "green room" with a pad and pencil, representing the faces and forms of her associate performers. Clowns, acrobats, aerialists, acrobats, chariot drivers, strong men and women and all the other multifarious figures and features of the big show are being put in black and white.

Senorita Cordona is a Mexican importation of the circus, fleeing gladly from the revolution and its subsequent political unrest. Her father accompanied her with the remnants of a fortune accumulated in cattle-raising near Monterey and which became the prey of insurgents when he refused to forswear his allegiance to President Diaz.

The girl's wonderful sense of balance asserted itself in early life. She was the marvel of her schoolgirl friends in hazardous feats and amazed beholders who witnessed her exploits in private amateur entertainments. Then one day there came, during the festive days of December, grand display in El Torneo, Atlix City's famous bull ring, before Diaz and his dignitaries. Senorita Cordona's wire was stretched from barrier to barrier, and the audience her exhibition received its share of admiration in the pay capital. Her entrance into professional dates her triumph on that occasion. It was not long before her fame had spread all through the republic of Mexico.

The little beauty of the circus has brought to America many creditable specimens of caricature and one at intervals in her native country and will return some time, she declares, with delineations of American life in all its serious and humorous aspects.

Senorita Cordona is the most gracefully daring among a contingent of nearly a score of wire performers in the big show which will make its appearance here on next Thursday.

BIG INCREASE IN STATE POPULATION

Growth of Over 300,000 Since
Census Was Taken Two
Years Ago.

SACRAMENTO, Sept. 2.—Since 1910 the population of California has increased by 305,518, according to figures based on the report of Statistician Job Wood of the office of Superintendent of Public Instruction Hyatt, on the average attendance in schools of the state.

During the 1911-1912 school year Wood's report shows the average daily attendance in schools of the state was 518,066 children, of which 280,455 were in the elementary schools and 39,151 were in the high schools. To obtain an estimate on the population, Wood multiplies the total number of children attending schools in the state by 5.42, which was the ratio of population to the number of school children in 1910, when the national census was taken.

Honest Advice to Consumptives

Somewhat there exists a vast amount of skepticism as to the possibility of curing Consumption. We state none but facts, and are sincere in what we assert. The reason we advise all Consumptives to take Eckman's Alternative promptly and faithfully is because we have the reports of many recoveries, one of which follows:

1819 Susquehanna Ave., Phila., Pa. "Gentlemen—For years I was afflicted with hemorrhages of the lungs and our family physician advised another climate, as to remain would probably be fatal; however, I remained and when I recovered sufficiently to walk about the house I was left with a frightful hacking cough, which no doctor could cure. In March, 1902, that I learned of Eckman's Alternative. In a short time my cough was gone and I was pronounced 'well' or 'cured.' I am at present in excellent health and feel that as long as I can obtain Eckman's Alternative I have no fear of Consumption." (Signed) FREDERICK E. KLOTZ. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Croup and Lung Trouble, and in subduing the system. Does not contain poisons, or any of the blood-forming drugs. For sale by the Q. I. Long Co. and other leading druggists. Ask for booklet telling of recoveries and write to Eckman Laboratories, Philadelphia, Pa., for additional evidence.

SEEK RELEASE OF REVOLUTIONISTS

Wife of Imprisoned Leader is
Circulating Petition to
President Taft.

LOS ANGELES, Sept. 2. A campaign to obtain the release of Ricardo Flores Magón, Enrique Magón, Anselmo Figueroa and Librado Rivera, recently sentenced in the federal court here to serve 15 months in the government prison at McNeil's Island for violation of the neutrality laws during the Madero revolution in Mexico, is said to have been started in this city.

According to federal officials, a petition addressed to President Taft and praying for the release of the four men who were convicted at an expense to the government of \$30,000, is being circulated by Mrs. Ricardo Flores Magón, wife of the man said to have been the leader in violating the neutrality measures.

CALIFORNIA GRAYS BACK FROM CAMP

SAN FRANCISCO, Sept. 2.—The California Grays encamped at Moss Beach on the Ocean Shore railroad over Sunday and Labor day leaving the city Saturday night and returning last night.

Sixty members under the command of Lieutenant C. P. Voorhies constituted the company. Saturday night a hop was tendered the Grays at Monterey. Sunday morning after the physical drill the entire company indulged in a swim in the surf.

A tragedy was narrowly averted when Theodore Worden plunged into the surf and rescued Frank Marshall, John Pabst and Tom Simmle, who had ventured out beyond the reefs in a flat-bottom skiff and were overtaken by the breakers about 300 yards from shore.

KILLS WOMAN WITH HAMMER: ENDS LIFE

LOS ANGELES, Sept. 2.—Warren J. Cody, 30 years old, killed Mrs. Elizabeth Smith, 46, and then committed suicide last night at the women's home on the outskirts of the city. Cody crushed Mrs. Smith's head with a hammer and ended his own life by swallowing poison. Jealousy is said to have been the motive. The woman leaves two children. Cody was formerly a railroad brakeman.

HARVESTERS OF BEETS SCARCE

Raisers Declare It Is Difficult
to Obtain Enough
Workmen.

LOS ANGELES, Sept. 2.—Southern California raisers of sugar beets are complaining that they are unable to obtain enough workmen to harvest their crops.

It is said that the sugar beet crop in California is the largest ever raised here, and that the harvesters are scarce because of the high wages offered by the government to land and watermen.

BEAUTIFUL CREATIONS OF THE ART OF MILLINERY

Display of Fall and Winter Hats at Abrahamson's Delights the Gentle Sex

The fashion show of millinery at Abrahamson's displays a variety of new styles in hats and bonnets, including the latest in velvet, silk and straw.

Several new hats imported directly from Paris are on exhibition displaying wonderful modulations and combinations of color and texture.

The prevailing color is taupe, possibly a descendant of royal purple, and black and white are also popular. Many of the hats are made of velvet, and some of the most beautiful are in this material.

There are many feeling bonnets, some of which are made of velvet and others of silk. One of the most beautiful is a large white hat with a heavy black band and a large black bow.

THE COAL SCUTTLE CONVENT. Some of the styles of headgear can be seen in the unique and elaborate designs. One hat in particular is the coal scuttle bonnet, which is made of black velvet with a single red rose on the side.

Another creation is a bonnet with a large black bow and a large black band. The hat is made of black velvet and has a large black bow on the side.

Automobiles=Join in the BLIND TOUR TO SAN JOSE FOR THE Edgar Allen Perpetual Cup To Take Place September 8th, 1912

Every Agent or Owner May Participate

Entrance Free

Conditions of Tour

All contestants will leave Oakland (corner Eighth and Franklin streets), and San Francisco (corner of Golden Gate avenue and Van Ness avenue), between the hours of 7:30 a. m. and 10:30 a. m.

Time of starting will be entered and signed by the official starter at the respective starting places, and must be presented immediately upon arrival in San Jose to the official in charge at the Automobile Show.

A sealed, unknown time, arranged by the press of San Francisco, Oakland and San Jose will be the winning time, and will be decided upon within the twenty-four hours preceding the tour.

A different time for starters from Oakland and San Francisco will prevail, but the car arriving from either point nearest to the (SEALED) time wins the "Edgar Allen Cup, a Perpetual Trophy."

The "Allen Trophy Cup" will be competed for annually under conditions to be decided upon, and will become the property of the person winning it three times in succession.

This is not a speed contest, nor an endurance run, but a pleasure tour in which to determine the most ideal time in which a run to San Jose can be made from either side of the bay over the "Wishbone Route."

Many Special Prizes will be awarded to cars coming nearest to the given time, in the following classes:

ENTRANCE FREE	
\$1000 and under	\$1750 to \$2000
\$1000 to \$1250	\$2000 to \$2500

Sign the above Entry Blank, clip it and mail to G. A. WAHLGREEN, 377 MONADNOCK BUILDING, SAN FRANCISCO, or deliver it to the official starter, corner Golden Gate and Van Ness avenues, San Francisco, or Eighth and Franklin streets, Oakland, when you give in your time for starting.

It is not the purpose to hold one car for another, but simply to let them go forward after arriving at the starting point, so there will be no congestion either at the starting point or on the road. The same may apply to the point of arriving, where it is necessary that no one be detained. All that an entrant will have to do will simply roll up and hand his card to the official timer who will mark the time immediately. Every participant may carry as many passengers as they see fit and it is desired that each machine secure pennants or banners reading "Automobile Show, San Jose."

COUSIN LAW IS DODGED BY CUPID

Son of Corn Flake-Maker and Relative Married Twice In Same Day.

CHICAGO, Sept. 3.—Cupid outstripped the Illinois law prohibiting the marriage of cousins last night when a double wedding took place at the home of Dr. W. S. Sadler, 56 Sixth avenue, La Grange.

Earlier in the day Wilfred Custer Kellogg of Battle Creek, Mich., son of W. K. Kellogg, head of the Kellogg Cereal Company, and a nephew of Dr. McKeag, head of the Battle Creek Sanatorium, slipped away to Kenosha, Wis., with his cousin, Miss Anna Belle Kellogg, a sister of Mrs. Sadler. By going to the Wisconsin city they evaded the Illinois law prohibiting the marriage of cousins, and had the ceremony performed by Judge George W. Taylor.

GO THROUGH SECOND WEDDING.

At 8:30 o'clock last night Mr. and Mrs. Kellogg stood up with Edward Van Bond of Dallas, Tex., and Miss Sarah Mildred Oulmer of La Grange and went through the formalities of their marriage. Mr. Van Bond and Miss Oulmer being married at the same time. Rev. Joseph Hayes Chandler of Chicago officiated.

Miss Kellogg for a number of years had been associated with her cousin, Dr. Kellogg, in the management of the Kellogg Cereal Company. She is known as a public reader and elocutionist.

The double marriage was one of the most elaborate ceremonies in the history of the city. After a reception following the ceremony the Kelloggs left for Colorado on their honeymoon. They will make their home in Battle Creek. The Van Bonds will make their home in Dallas, Tex.

DECIDE ON DOUBLE WEDDING.

"There was nothing unusual in the marriage," Dr. Kellogg said after the ceremony. "Miss Kellogg and Miss Oulmer have been like sisters and lived at my home, and when they decided to get married they thought it would be nice to make it a joint affair."

As to Mr. Kellogg, he is a bachelor, but is of no consequence. They went to Wisconsin and had a ceremony performed merely to make the union binding under the law, the Illinois statute not permitting such marriages. Then they came back and went through the religious ceremony.

CHILD'S LIFE SPARED;
ITALIANS KISS FLAG

NEW YORK, Sept. 3.—Fortina Abraham, who is 14 years old, paraded with a small American flag in the procession of thousands, to promote the memory of her proud service, she climbed out on the fire escape of her home on the fourth floor of the tenement house at No. 73 Rivington street, and waved the flag above the heads of the Sunday evening parade.

A few minutes of enthusiastic waving made her dizzy and she fell to the street. She was carried into a hallway and an ambulance was summoned. A surgeon arrived and found she had only broken her left arm. When the frantic mother heard of the fortunate escape from death she knelt beside her daughter, gathered the flag in her hands and kissed it many times.

The emotional crowd of Italians, that had gathered about the injured little girl followed the example of the mother. The flag was passed from hand to hand through the crowd and kissed by each who touched it.

The little girl is being taken care of at Government Hospital.

WOMAN CUTS FINGER
TRYING TO BE CARPENTER

SPRINGFIELD, Sept. 3.—A cut on the hand on two fingers is the result of an attempt to be a carpenter made by Mrs. M. C. Baumann when she tried to use a circular saw and let her hand fall into the blade.

Mrs. Baumann and her son David, were at their home on the South Jefferson street road, and were making a shelf in the kitchen when the accident occurred.

The wound is not serious, but Mrs. Baumann is confined to bed for a few days.

Her son David is being treated for a cut on his hand, but is not seriously injured.

The accident occurred while the family was working on a shelf in the kitchen.

The wound is not serious, but Mrs. Baumann is confined to bed for a few days.

NEW YORKER LIVED TWO DAYS IN TAXI

Couldn't Pay Bill so Lands In Jail After Novel Experience.

PHILADELPHIA, Sept. 3.—Benjamin Sullivan, who describes himself as a "pipe layer" and "Secret Service man" and who says his address is No. 108 West 1st street, New York, is in a police station cell here, having been arrested on a taxicab bill of \$150 for two days' occupation of the machine.

Sullivan became imbued with the idea that life in a taxi was an endless round of joy, so on Sunday morning last he met Joseph J. O'Flaherty, a public chauffeur, at the Pennsylvania Railroad station at Newark and induced him to take a whirl of the town.

Pleased with his first experience in motoring Sullivan proposed that they continue the ride indefinitely, and the chauffeur, seeing visions of a rich fee, promptly fell in with the idea. The "pipe layer" also asked O'Flaherty to bring his wife on the outing, promising to finance the tour and to move himself a royal host.

It is known of the incidents of the trip, but O'Flaherty kept the wheels of the motor buzzing and the hands of the register turning for two days—until 10 o'clock this morning, when the chauffeur thought it was time to collect the fare for the trip. Sullivan met the request for cash with the statement that he hadn't a penny—a charge which soon landed the "pipe layer" in jail.

O'Flaherty told Magistrate Morris today that Sullivan approached him about 1 o'clock on Sunday morning in Newark and asked to be shown the town and taken to Philadelphia in the taxicab. O'Flaherty said the charge would be \$150, but Sullivan said he would pay in cash.

Sullivan started his motor, and with his wife and a mechanic and Sullivan came to Philadelphia.

They arrived in this city about 6 o'clock yesterday morning, and Sullivan directed that they take a spin through Philadelphia. Sullivan, who was wearing a gas mask, and continued the ride. They next took a spin to Merion, and when they returned Sullivan suggested that the party go to a hotel for dinner. Sullivan went into the restaurant by himself, O'Flaherty and his wife and mechanic preferring to eat in another place, and a half hour later, it is said, Sullivan was ejected from the hotel, because he had no money to pay for his meal.

O'Flaherty suggested that his motor was above the \$100 mark and that he would like to have his money. Sullivan asked him to drive to No. 143 North 14th street, where he said his wife lives, and he said she would advance the money.

Mrs. Sullivan was reported to be ill and to have no money to give to her husband. O'Flaherty then complained to the police. Detectives Douglas and Watkins arrested Sullivan, and this morning, when arraigned, he was held on a \$150 bond.

It cost him that much to live in a taxicab for two days, but he could not meet the cost.

He was held under \$600 bail for a further hearing on September 23. O'Flaherty drove back to Newark and suddenly disappeared.

GIRL ROWS GIG ON DARE;
WATER WINGS HIDDEN

NEW YORK, Sept. 3.—Dared by friends in Rochelle Park whom she is visiting to row one of the racing gigs of the New Rochelle Rowing Club, Miss Mollie Perrin of New Orleans, at the regatta dance, persuaded Benjamin H. Hadden, captain of the club, to let her have one of the club boats.

Miss Perrin, who is 21 years old, started out bravely and had rowed about 200 yards when she was seized by a spasm, a dozen members of the club who stood on the float ready for the expected emergency, stepped out and took her to the shore.

When she reached the shore she was found on the float and inflating a pair of water wings. "Thank you, gentlemen," she said, as she continued to blow up the wings. "I came quite prepared."

Miss Perrin had concealed the water wings under the canopy of the summer boat, and when she was taken from the float she was found with the wings hidden under the canopy.

THE MAN WHO WORKS

(By Gerald P. Beaumont.)

"Thy writ in the laws of Moses; 'tis worked in the prophet's sands. That our bread shall only follow the sweat of our head and hands. The fruit comes not from the suckling that takes its life from the tree; Remember, that every comfort has been wrought by Man for thee."

If Fortune and Fame escort thee and brothers hail thee as wise, Consider the men who made thee—Society's laws are lies. If pride would make thee scornful, when the struggle for bread is won, Look well to the scene of battle and learn how the thing is done.

The clothes thy money can purchase, the spinner weaves at his loom. With sweat men garner the banquets that you may consume; For all of Man's productions must be gathered from the soil; Can ye name but a single comfort that was not gained by toil?

Though the world will ever admire and kneel to the men of fame, And record each great achievement in the print of a single name, The minds of the matter-builders should never the fact forget: If it hadn't been for the toilers the world would be figuring yet.

Is the banker's pride in his millions? Is his palace a joy to behold? Did he build it himself, my brother? Learn if he delved for the gold. And milady's jewels and satins, could she wear them in innocent sleep? If no man ever had labored and suffered harder than she?

By the laws which our Father Adam to the rest of his race made plain, We must work with our hands and our shoulders, no matter the prize we gain; And the fellow who does his duty, the fellow who never shirks, Is the sweat-stained man, the overworked man, the GENUINE MAN who works.

BIG ANGORA CAT DEFENDS MISTRESS

Snake Is Chased Away and Is Held at Bay After Biting Woman.

WASHINGTON, Sept. 3.—Pete, an Angora cat, went to the rescue of his mistress, Mrs. W. H. Wunder, society leader, of 1336 Calvert street northwest, when he chased away a big snake, which had bitten her once and was renewing his attack when pounced upon by the cat.

Shortly after Dr. and Mrs. Wunder returned from the theater Dr. Wunder was summoned on a call. Returning about 1 o'clock in the morning, he blew the horn of his automobile and awakened his wife, who was to let him in.

Going into the back yard, Mrs. Wunder was about to unlock the gate when she felt herself bitten on the ankle. Shrieking in terror, she saw the snake at her feet making for her.

Pete, who is large, and white, and a fierce Angora, had followed Mrs. Wunder to the gate, and with a snarl pounced upon the reptile, tearing its skin with his sharp claws.

Mrs. Wunder hurriedly opened the gate for her husband, while Pete chased the reptile.

Hurrying with his wife into the house, Dr. Wunder picked up a lantern and a poker and returned to aid Pete. He found the snake at bay in one corner of the yard, with Pete crouching a safe distance away. The poker soon finished the snake.

Dr. Horace B. Coblentz, of 1432 U street, northwest, treated Mrs. Wunder and found that the bite was not poisoned, as the fangs had barely penetrated the skin. The snake was slightly over 3 feet long, and will be mounted as a souvenir for Dr. Wunder. In the meantime, Pete is master of all he surveys.

Speedy Coasters
FOR S. P. LINES

Beaver and Bear Will Receive Reinforcement by Two Larger Steamers.

PORTLAND, Ore., Sept. 3.—Larger and speedier than the Bear and Beaver, two new steamers will be built by the San Francisco and Portland Steamship company in time for them to be placed in service between Portland and California ports, next year, running in connection with the three vessels the company is now operating.

The new steamers will be built by A. Ottinger, general agent of the line, who arrived in Portland recently.

"Mr. Sweeney has the plans of the new steamers drawn up," said Ottinger this morning, "and we expect to have them built and ready to go into service next season. The business has been so good that the company will have to be increased and that is all there is to it. On every trip each of our steamers are either 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 38

MRS. HORATIO STERBINS BONEBRILL, of Vernon avenue, has sent out cards for what will be a smart bridge party on the afternoon of Wednesday, September 12.

Another hostess who has issued invitations is Mrs. William R. L. Campbell of Claremont, who will give a luncheon followed by a bridge party on Saturday, September 15.

TENNIS TOURNAMENT. Next Monday will be a gala day and evening at the Claremont Country Club, when Maurice E. McLoughlin, who won the national championship for tennis, will give an exhibition of his prowess in the afternoon. A big dance and dinner will be given in the evening, which will be attended by a large number of society folk.

INFORMAL TEA. Mrs. Harry East Miller presided over an informal tea yesterday for the members of the Claremont chapter of the Episcopal church. About one hundred guests called between 3 and 5 p. m.

TO MAKE DEBUT. Mrs. Nicholas A. Acker will give a large affair on Thursday, September 26, when she will formally present her daughter, Miss Helen Acker, to local society. In the evening there will be, among others, Miss May DuVal, Miss Helen Bannan, Miss Katherine Cretlin, Miss Camille Adams, Miss Doris Bagley, Miss Anita Cretlin, Miss Nellie Adams.

TO GIVE RECEPTION. Mrs. D. E. Winter will give a large reception next Friday afternoon for Miss Ruby Morse and Miss Frances Shattuck Woolsey, two brides-to-be.

Mrs. Winter will be assisted by Mrs. William E. Woolsey, Mrs. C. W. Wilkinson, Mrs. Charles T. Biedenbach. The betrothal of Miss Morse and Miss Woolsey was announced recently at a bridge party.

The marriage of Miss Woolsey and Frederick T. Robinson will be in December. Miss Woolsey goes east next month to attend the national convention of the collegiate alumnae.

ENGAGEMENT MADE KNOWN. Miss Alice Mould has announced her engagement to Charles R. Foulwell. The news was told at a dinner given at the country home of Mrs. R. I. Mould at Mount Herman. The guests included members of the La Plante Club of the Brooklyn Presbyterian church, in which the prospective bride is an active worker.

TO BE HOSTESSES. Mrs. Wear Little and Mrs. Harold Watkins will be hostesses tomorrow for Miss Ida Grossmeyer. Among the guests will be Miss Gertrude Mills, Miss Josephine, Miss Ruth Grossmeyer, Mrs. Roy Hand, Mrs. Hugh Frazier, Miss Caro Mills, Miss Marlan Mills, Miss Emma Baker, Mrs. Thomas Hoffman.

WEDDINGS SCHEDULED. The wedding of Miss Gertrude Bradley, daughter of Cornelius B. Bradley, of the University of California, and Herbert N. Warburton of Brooklyn, N. Y., will take place September 28, at the home of the bride's brother, Dr. Harold Bradley, at Woodside, Mass. Warburton is assistant district attorney of Brooklyn.

The marriage of Miss Emmaline Willis and William Singer, son of William Singer of the land department of the Southern Pacific Company, will be solemnized on September 21 at the home of Mrs. J. V. Cowden. Only relatives and close friends will witness the wedding. The prospective bride is the niece of Chief Justice William H. Reilly of the Supreme Court.

RETURN TO OAKLAND. Mrs. J. M. Horton and her father, A. E. Horton, have returned to Oakland from their summer place at Lake Tahoe.

GO SOUTH. Mrs. G. F. Gould and her daughter, Mrs. Warner Redfield, left a few days ago for the south, where they will visit friends.

ON MOTOR TRIP. Miss Janet Pfeiffer left yesterday on a motor trip to Lake Tahoe, where she will visit friends.

NICHOLSON-CLARKE WEDDING. Miss Viva Nicholson has set September 17 as the date of her marriage with John Clark. The ceremony will take place at the home of Mrs. Victor Metcalf in Vernon Heights. Rev. Alexander A.

BRIDE, UP AT 3 A. M., SLAYS FINE DUCK

Mrs. Malcolm Whitney, Formerly Jennie Crocker, in Diana Role.

KLANSMAN, Hills, Ore., killed William, former of Jennie Crocker of Huntington, Cal., arose at 3 o'clock on Sunday morning and killed the first duck of the present open season on Upper Klamath lake.

Mrs. Whitney and her husband are spending a part of their honeymoon at Harman's lake on Upper Klamath lake. The daily breakfast consists of hunting, fishing, eating and sleeping and other enjoyable life.

The hunting season for ducks and geese is closed at midnight on Saturday. Early Sunday morning they went forth and soon they raised a flock of ducks. Mrs. Whitney leaped herself, took aim and brought down the largest of the birds with her first shot.

"So well has my dear and I'll get the duck for you," remarked Whitney. The bird fell about fifteen yards away in the timber.

"I should say so," quickly responded Mrs. Whitney. "I shot it, I guess I can get it."

Without much ado she clambered out of the boat, waded through tules through which she sank over her knees with each step and quickly brought back her prize.

Women in Politics. WASHINGTON, Sept. 3.—All five political parties which have presidential candidates in the field will receive support at the polls in November from the women of California, according to Clifford Howard of Los Angeles, author of the Women's Bulletin, who is here.

"I should say so," quickly responded Mrs. Whitney. "I shot it, I guess I can get it."

Without much ado she clambered out of the boat, waded through tules through which she sank over her knees with each step and quickly brought back her prize.

Discovers Rare Vase. STOCKTON, Sept. 2.—Mrs. Mary Colman, widow of the late E. L. Colman, well known newspaper man, has just learned that among her art treasures is a vase of priceless value. It is about four feet high, with a large bowl and a long, straight neck, peacock blue in color, with a minute and regular design only disclosed on close inspection.

Recently she noticed in a San Francisco shop window a vase similar to hers, though smaller. Inquiring the price, she was informed that it was valued at \$1000, as there were few of them in existence, and it was a relic of a lost art. Surmising that the vase in her possession might also be valuable, she had it inspected by a Japanese and early expected. He pronounced it priceless, refusing to set a price upon it. The vase has been at the Colman home since the Midwinter fair, when Colman purchased it at a trifling figure from an old Chinese. Mrs. Colman has had it put in a safe deposit vault.

Stork Is Visitor. NEW YORK, Sept. 3.—A daughter was born Sunday evening to Mr. and Mrs. Riccardo Bertelli of Elmwood. Mrs. Bertelli was well known on the stage as Miss Ida Conquest, gave her profession more than a year ago, when it was announced that she was engaged to Cavalier Bertelli. The wedding took place on October 25, 1911. Telegrams of congratulations were received from Mr. Bertelli's mother, who is the widow of the late Admiral Luigi Bertelli of the Italian navy, and from his sister, who is a countess. Charles Frohman and other friends of Miss Conquest were at the stage and society also sent messages.

PERMITS SOCIALIST LECTURES IN PARK. PARADISE, Sept. 3.—Socialist meetings are not necessarily confined to the lecture halls of the city. A meeting was held in Central Park, formerly only religious meetings were allowed to be held there. There was a Socialist meeting in the park, Sunday, and when the Mayor was asked why he permitted it, he said:

"I told you that the addresses would be instructive lectures and not in the nature of political gatherings. We shall not allow them to lambast each other and talk of graft or anything like that. These are to be just plain, modest lectures on socialism."

ENHANCES BEAUTY. The youthful, lovely complexion that nature gave you will be enhanced by just a touch of

CARMEN Complexion Powder

Try it and see—Carmen will not rub off until you remove it, nor does it irritate the skin. It is the only powder that DOESN'T SHOW.

Harmless and pure, CARMEN benefits the skin instead of hurting it—it is different from other powders.

FOUR TINTS: White, Pink, Flesh and Cream—at your Druggist or Department Store—Toilet Size 50c.

Carmen Cold Cream For rough, irritated skin—snow-white—non-irritating. 35c and 25c.

BROKEN ARCHES

By LILLIAN RUSSELL

(Copyright, 1912, by Lillian Russell.)

THE women and girls who are wearing the rubber-soled, heelless, low shoe for steady every-day footwear are storing up for themselves no end of trouble in the future. Flat shoes are made for tennis, croquet and other more athletic games. The idea and intention of such a shoe is to prevent cutting up the lawns with heels and to enable one to get around a gymnasium quicker on the toes. Heelless shoes never were made for walking. For centuries civilized nations have worn shoes with heels. Therefore, the feet of women have changed from the flat-soled toed-in savage shape to arched insteps, narrow heels and gracefully-shaped feet. Every foot of a normal human being is arched between the toe and heel at least an inch high. If the heel is allowed to rest upon the ground, the shoulders and back drop. Not only an ungraceful carriage is the result, but a backache and sore leg muscles as well.

Many women and even young girls are suffering from broken arches. The term broken arches does not mean that any bone is broken, but the muscles are strained to the breaking point and the tissues are broken down. Walking is then made difficult and the feet are sore and tired all the time. Steel arches are worn by some people to support the instep and rest the feet from the weight of the body. People should realize what a responsibility is placed upon two such small affairs as the feet and respect them.

Children should either wear no heels at all from baby shoes up to womanhood, or they should one-sized heels all the time. When the heels are too high the whole weight of the body is thrown upon the toes and instep, causing enlarged joints and thick ankles. When buying shoes just a little time and caution given to the freedom of the toes and the height of the heel will insure much comfort and health for your feet. Surely the foot looks better in a perfectly fitted, reasonably high-heeled shoe. Nothing looks more ugly than the white buckskin or canvas low shoes with flat soles, reminiscent of the ancient days of the pack-carriers. They should never be worn with any but a gymnasium dress.

The naked foot is far more graceful than such footgear. Most of the girls who wear the heelless shoes will have much cause to regret their folly later. How those small portions of your anatomy will retaliate. They will ache and burn. All your lotions, soaps and powders will be of no avail. Even cleanliness will not heal the broken arches and that is the most essential thing for the comfort of the feet. Remember, feet demand respect. No other portion of the body can dictate so well.

MAMIE.—You can remove the unsightly blackheads from your face if you take a little time and patience to do it. Massage will not remove blackheads. Sometimes they are caused from anaemia or indigestion, but usually from neglect. The face should be cleansed thoroughly at least once a day. First, cleanse it with a good cold cream, rubbing it well into the skin for about five minutes and then allow it to remain about five or ten minutes. Take off what is left with a soft cloth, then wash the face in hot water and plenty of good pure soap, using a complexion brush, so as to cleanse the pores more thoroughly and remove as many black heads as will come. Rinse the face first in warm water and then very cold, or rub a piece of ice over the face. This hardens the flesh and closes the pores. Give this treatment a fair trial, and then if the blackheads are stubborn and will not submit to this treatment send me a stamped addressed envelope and I shall send you the formula for the green soap treatment, which rarely, if ever, fails to remove them. I shall also send you a formula for a good cleansing cream and a bleach for the face.

Sometimes they are caused from anaemia or indigestion, but usually from neglect. The face should be cleansed thoroughly at least once a day. First, cleanse it with a good cold cream, rubbing it well into the skin for about five minutes and then allow it to remain about five or ten minutes. Take off what is left with a soft cloth, then wash the face in hot water and plenty of good pure soap, using a complexion brush, so as to cleanse the pores more thoroughly and remove as many black heads as will come. BANDIT HOLDS UP THREE CARS WITHIN HOUR

BOLD ROBBER OPERATES RAPIDLY

Obtains \$62 From Crews of Trolleys in West Berkeley.

Passengers on One Car Are Unaware of Robbery Taking Place.

REPELLED Sept. 3.—Within forty-five minutes this morning a lone robber fell on the crews of three street cars in West Berkeley, secured \$62 from the conductors and escaped without being detected by the Berkeley patrolmen.

In one of the three hold-ups the car carried the passengers, not one of whom knew what had happened until the conductor had emptied his pockets and the high alarm had disappeared. The car was furnished with a good description of the man but had little other ground on which to work in his pursuit.

At 10:15 P. M. R. Tucker, resident of 1815 E. 12th street, and motorist of the first San Pablo avenue car held up at midnight at Main street and San Pablo avenue. The car, northbound, carried five passengers from Oakland. At Main street the man boarded the car at the rear end and the passengers all being seated in the forward compartment. Suddenly, pressing a revolver against Tucker's chest, he whispered:

"Shut up and hand over your coin."

Tucker complied with the demand, emptying his cash pockets of something over \$20 he had collected during the afternoon and evening. Motioning Tucker to sit still, the man then turned to the signal to proceed and, without catching sight of him, they then returned to the car and notified the Berkeley police from an Albany saloon.

Within ten minutes after the report was received at police headquarters news of the second hold-up was spreading on its heels. This time the San Pablo car in charge of Conductor William H. Perry and Motorist Thomas Powers had been held up at almost the same spot the first car having meanwhile proceeded many blocks on its route.

CHIEF ALONE.

Perry and Powers were alone on their car when the robber boarded. Holding Perry to the front of the car, he covered both conductor and motorist with his revolver and demanded Perry's coin. Perry gave him \$22, having counted his money but a few moments before. Still covering the men the robber seized the conductor's pockets and hurried them far out into the darkness into an empty field. He then marked the two men off the car and several blocks away. Finally he directed them to get out of the car and directed them to get out of the car and directed them to get out of the car.

When the carmen had walked far enough to dare turn about the robber had disappeared. The carmen ran back together and then to Albany where they telephoned to the Berkeley police.

POLICE ON TRAIL.

By this time Sergeant C. A. Becker had detailed four patrolmen in pursuit, including V. D. McMillan to South street, T. Jones to University and San Pablo avenues, W. J. Wilson to the Santa Fe tracks and R. P. Pidgeon to the Southern Pacific tracks at the foot of University avenue.

Before Pidgeon had reached the spot the third robbery had taken place there and the car men were being marched silently down the railroad tracks the robber held them with his revolver leveled at their heads. They were J. H. Hunt, conductor, and O. W. Butler, motorist, on the North and West Berkeley car which has its terminus at the Southern Pacific tracks.

HOLDS UP THIRD CAR.

Their car had reached the terminus at 12:40 P. M. and Hunt had not yet swung his trolley when the robber appeared out of the darkness of the railroad grade, covering them with his weapon and demanding their money. Hunt furnished about \$20 all of the day's collections. Hunching his two men together the robber ordered them to march south on the railroad tracks. He followed them closely as far as the Standard Soap Company's plant at the foot of Alston way, then stopped but kept them going ahead with the threat to shoot if they turned. By the time they had reached the foot of the Standard Soap Company's plant at the foot of Alston way, then stopped but kept them going ahead with the threat to shoot if they turned. By the time they had reached the foot of the Standard Soap Company's plant at the foot of Alston way, then stopped but kept them going ahead with the threat to shoot if they turned.

Patrolman Pidgeon reached Third and University to find a deserted street car standing there. Its trolley pole stood in mid-air. It was 1 o'clock before his men found the missing crew was rewarded with their share of the loot. The car was then driven down the Southern Pacific tracks toward the stockyards.

Similar descriptions of the man were furnished to the police by the crews of the three cars. He is about thirty years of age, five feet four or five inches in height and weighs 150 pounds. He has brown hair and a rather pale, smooth-shaven face and

MRS. CLARA MARCHAL, MEMBER OF JOAQUIN PARLOR ADMINISTRATION DAY COMMITTEE OF STOCKTON.

Preparations Are Being Made for Great Parade in the City of Stockton

STOCKTON, Sept. 3.—Taking advantage of a double holiday, in San Francisco, a large number of representatives of bay city parlor of the Native Sons spent Sunday and Monday in Stockton decorating their headquarters for the Admission day celebration which opens here Saturday. Thus far 88 parlors of the Native Sons have notified Grand Marshal W. E. O'Connor of their intention to participate in the celebration and have been assigned positions in the parade. Twenty-two parlors of the Native Sons have also notified Grand Marshal W. E. O'Connor of their intention to participate in the celebration and have been assigned positions in the parade.

BIG STORES TO CLOSE.

Jewell brought news of a splendid victory won by the San Francisco Natives in their fight to secure the closing of the big department stores and other business houses for Admission day. Large cards sharp features. He wore a long black overcoat, a black hat and a white handkerchief wrapped about his throat but no sort of mask.

SHOOT AT BELT.

RICHMOND, Sept. 3.—Mrs. D. A. Knowles of this city, was traveling on one of the cars toward that city when it was held up. A watch belonging to one of them and a purse containing \$29 was saved by being quickly hidden under a seat. The couple lost ten cents in coin.

Knowles, who is secretary of the Richmond Board of Trade, states that the highwayman shot at the feet of one of the passengers.

40 DEAD AS
RESULT OF
FLOODS

Heroic Rescues Keep Down the Death List in Stricken Eastern Towns.

Loss to Property Is Great as Result of the Recent Storms.

PITTSBURG, Sept. 3.—Fatalities arising from the floods of Monday morning in Western Pennsylvania and the panhandle of West Virginia and Eastern Ohio were increased to forty today when it became known that John Demostri, his wife and two children were missing from the ruins of their home on Charters creek, near Canonsburg, Pa.

Good in some sections is scarce because railroad communication has been cut off. Large forces of men are cleaning streets and buildings in some villages entire families are shoveling mud out of their houses.

The Charters valley from Washington, Pa., to Marietta, Pa., where the little stream empties into the Ohio river is a scene of devastation. Ten thousand acres of growing corn has been ruined. The damage to manufacturing plants will be heavy.

REPAIRING DAMAGE.

In the various localities attempts are being made to take care of the homeless and to repair the damage caused by the floods. Crews of railroads arrived Monday night at the different places where washouts occurred and are hard at work today putting tracks in shape to restore traffic, which has practically been at a standstill for the past 48 hours.

While great damage was done by the storm in Eastern Ohio no loss of life has yet been reported. It was rumored Monday afternoon that a number of lives were lost in Salineville, but early this morning it was ascertained that all residents escaped harm. There are quite a number of without homes and a special train from Columbus carrying relief to the sufferers has been sent to the town.

As communication with the afflicted sections becomes established stories of heroic and thrilling rescues become numerous. One particularly spectacular feat was the rescue of Henry Endler, his wife and two children of Evler, in Washington county, by Rev. B. P. Egan, pastor of the Presbyterian church there.

The Endler home had crashed against a railroad culvert and the family washed down stream. Three children, a girl, buried on the bank and escaped while Endler, his wife and two other children, succeeded in catching hold of branches of a tree, where they were marooned.

Henry heard their cries and procured help. He fastened a rope around his waist and while onlookers held one end of it, plunged into the torrent and made for the marooned family. Eight times he was washed past the flood victims' refuge and was finally rescued by a passing boat.

Finally he reached his wife and the rope was fastened about his neck and she was dragged through the torrent to safety. One by one the family was taken to safety, Pastor Henry being the last to be pulled ashore.

Becker came into court nonchalantly and pleasantly greeted several friends. He stood erect and followed the proceedings closely.

Aside from the arraignment of Becker, most interesting of the day's developments in the Rosenthal case was the discovery by the district attorney of two of the alleged hiding places of possible state witnesses conducted by the so-called "vice trust" in Hoboken, N. J., and Centerville, N. Y., and the report that much money belonging to Becker had been traced to Port Jarvis, N. Y.

WITNESS IS HELD.

LIVERPOOL, Sept. 3.—Thomas Coups, formerly night clerk in the Elks' Club in New York and a witness in the murder of the gambler, Herman Rosenthal, was met by detectives when the steamship Lusitania docked here today. He was not placed under arrest but was accompanied to a hotel, where he refused to make any statement until he had conferred with friends.

"I am not going back to America," said Coups today at the police station. "The only people who could protect me are really my enemies, and I doubt very much whether they are really anxious to get me back. I can tell you there is hardly a single policeman to be relied upon. In any case I have made my pile and am glad to be home among my friends. Certainly I am not going back to America unless my friends advise me to do so."

Coups' father has a large dry goods business at Preston.

Pickpockets and Other Criminals Given Protection by Officers.

Startling Evidence of Graft in New York City Is Revealed.

NEW YORK, Sept. 3.—Some startling evidence, the subject of police graft in New York City is likely to be revealed in the reports of the Aldermanic investigation committee which is just beginning to work here. Evidence has been submitted to the committee within the past twenty-four hours covering a period of three years and involving nineteen police inspectors or captains and numerous lesser officers in graft charges.

It is said that a police inspector in Manhattan district, twelve police captains of the same borough one police captain in the Bronx and four in Brooklyn have been enriched by the toll from disorderly houses and gambling dens. Further, it is asserted that several police officials had confidential relations with pickpockets and thieves.

The criminals it is said, have been permitted to ply their illegitimate calling on a percentage basis. One-half of the proceeds of their loot paid out at any one of a dozen fences throughout the city, is understood to have been turned over to the graft collectors.

It is announced that William J. Flynn, chief of the local secret service, has accepted the post offered him by the investigating committee. He will act in an advisory capacity.

On the application of States Attorney Whitman the case of Police Inspector Charles Becker, charged with the murder of Herman Rosenthal, was transferred today from the court of general sessions to the criminal branch of the supreme court before Judge Goff, sitting in extraordinary term.

Becker, when arraigned still refused to plead, acting on his counsel's advice that the indictment had been "improperly and illegally found." By direction of Justice Goff a technical plea of not guilty was entered for the prisoner.

Counsel for Becker protested that he was not ready to go to trial, but Justice Goff quickly overruled four times for delay and set the trial for September 12.

To the surprise of all Becker's lawyer did not ask for a change of venue. He requested, however, that the trial be set for some time about the middle of October when the "prejudicial hysteria and clamor" should have subsided.

Becker came into court nonchalantly and pleasantly greeted several friends. He stood erect and followed the proceedings closely.

Aside from the arraignment of Becker, most interesting of the day's developments in the Rosenthal case was the discovery by the district attorney of two of the alleged hiding places of possible state witnesses conducted by the so-called "vice trust" in Hoboken, N. The Foreign Office Disavows Report That Arbitration Will Be Asked.

Three Lines of Action Open in England Dealing With the Canal Problem.

LONDON, Sept. 3.—A complete disavowal was given this morning by the British foreign office of the so-called official announcement that the British government would demand arbitration on the Panama canal question. The lines of action which lie before the British government now are being considered and any announcement of the kind is premature. This is the full text of the formal statement given out by the foreign office in reply to requests for details as to the reported demand for arbitration.

Foreign office officials said the report in the first place was wholly incorrect, for no announcement of any sort had been made or even decided on by the British government. It appeared however too late to obtain confirmation or denial and all the London newspapers printed it.

NO CHANGE IN SITUATION.

The Panama canal question remains in exactly the same position it has occupied for some time. The statement will in all probability propose its reference to the court of arbitration at The Hague, but the method of submitting it to that tribunal has not been decided upon. It is possible that the government will await the result of election in the United States, in the hope that the United States government may find a way afterward of meeting British wishes.

THREE LINES OF ACTION.

WASHINGTON, Sept. 3.—No less than three separate and distinct lines of action are open to the British government in dealing with the problem raised by the passing of the Panama canal tolls act.

President Taft has indicated one method by which the problem may be attacked, but Congress did not think well of the suggestion. That was to include in the act a clause giving jurisdiction to American courts to pass upon the operation of the act constituted a discrimination against British shipping, in violation of the Hay-Pauncefote treaty.

Another means of dealing with the British grievance would be to allow the British to ship goods under existing law in any United States court his right to use the canal under the treaty on terms of equality with American shipowners.

The last avenue is relief through arbitration, although no publicist has held out owing to the changes of sovereignty over the canal zone and other events developed since the Hay-Pauncefote treaty, Great Britain has no actual right to demand arbitration.

Possibility of complications with Great Britain and other nations is to pass upon the operation of the Panama canal was anticipated at the session of Congress just ended, by the House interstate commerce committee, which introduced a bill in the dying hours of the session authorizing the President to suspend the bill in the event of a dispute.

The bill is said to have the approval of not only the majority of the House committee, but also to have been passed upon favorably, if unofficially, by the Senate committee.

Mrs. Maryon Bruguiere Relates How One Ceremony Was Annulled.

Accepts the Advice of Aged Woman Instead of Lawyer.

SAN FRANCISCO, Sept. 3.—Faint closed doors in the case of Attorney A. Childs, 714 E. in the Niles building, Mrs. Maryon Bruguiere told the story of her divorce since her separation from Dr. Pedro Bruguiere, the local physician, oculist and club man this city. The actual hearing will come up in the Superior Court next Thursday. The story of her marriage to Dr. Bruguiere, who was married to her before dark and as Mrs. Bruguiere is tired under this strain of effort, postponing it was decided not to begin the examination until after the noon hour today.

Mrs. Bruguiere was the only one of the interested parties present. She was represented by Attorney Black, who occasionally made objections to questions propounded by Treat, who is counsel for Dr. Bruguiere. All of the movements of the fair plaintiff, who claims to be still the lawful wife of the physician her travels, her friends and the little intimate details of her life were come into. Considerable stress was laid upon her interpretation of what occurred in New York in connection with the pronouncing of Bruguiere's divorce from her as null and void. She repeated her assertions that she had not been married with an annulment and that Dr. Bruguiere had not actually taken up his residence in New York. The divorce was granted. She supposed the proceeding regular and was not certain until after she had already married Denning. She then obtained an annulment and as the legal wife of Dr. Bruguiere according to her theory, is now suing her for maintenance. Dr. Bruguiere has married again and should Mrs. Maryon Bruguiere's claims be recognized, the second Mrs. Bruguiere could not be his legal wife.

At yesterday's session Mrs. Bruguiere said, referring to the Reno divorce, "I was advised by New York's best attorneys that a divorce obtained in Reno would not be legally good. That was before I married Dr. Bruguiere. However, I went to Mrs. Bruguiere and requested her advice and she said that such a divorce was binding. Then I married, of course."

"And you accepted the advice of Mrs. Bruguiere Sr., who does not appear to be an attorney, instead of the advice of a reputable attorney?" inquired Treat.

"Yes" was the answer.

CHILD'S SEDUCER IS IDENTIFIED

Statutory Offense Will Be the Charge in Addition to Burglary.

Pedro Raines, alias Pietro Granadan, who was captured a few days ago as a burglary suspect in a room at the National house, was this morning positively identified, according to the police, as the Mexican who attacked little six-year-old Lorraine Slaughter, 221 Castro street, in a vacant house near her home last week. Raines faces a charge of burglary, and the police plan to place a felony charge of a statutory nature against him in connection with his brutal attempt against the Slaughter child.

The little girl was brought to the city prison this morning and declared that Raines was the man who had induced her to enter a vacant house in Castro street with him last Thursday evening. Frank Dorman, a neighbor who had seen the two enter the place and had gone to investigate, also identified Raines as the man who had seduced the child. Dorman had engaged the Mexican in a fight when he found him in the vacant house with the child, but the miscreant escaped before aid arrived to effect his capture.

The day following the attack upon the little girl, the police were summoned to the National house at Fifth and Broadway and arrested Raines as he was leaving the rooms of Joseph Louis De Pavo, a guest at the place. When arrested Raines had some of De Pavo's belongings in his possession.

Inspectors Tom Wood and Gallagher questioned Raines and after talking with him, concluded that he answered the description of the Mexican who had attacked the child. They confronted Raines with the Slaughter girl and Frank Dorman, and both were positive in their identification.

Inspector James Drew succeeded in contacting Raines with a second burglary after investigating the man's room and belongings. When the evidence was placed before him, confessed the De Pavo burglary and also the burglary which Drew had been investigating.

This was the robbery of the home of C. S. Gates, 122 California avenue, San Francisco. Raines confessed that he had entered the home and had stolen six suits of clothes, two watches and some silverware. The burglary was committed August 25.

'GRAIN OF DUST' PLEASING DRAMA

Jas. K. Hackett Opens Week's Engagement With a New Play.

"THE GRAIN OF DUST,"
Cast of Characters:
Frederick Norman... Mr. Hackett
William Telford... Frank Burbeck
Isaac Burroughs... Frank Coulter
Edward Lockyer... J. M. Holland
Clayton Burroughs... Vaughn Trevor
James Galloway... Charles Lane
Timson... Fred A. Sullivan
Clark... Daniel Jarrett Jr.
Mrs. Clayton Burroughs... Mrs. Clayton Burroughs
Josephine Burroughs... Josephine Burroughs
Mabel... Mabel Ingle
Dorothy Burroughs... Dorothy Burroughs
Beatrice Beckley... Beatrice Beckley

If a tear be started by the closing scene of James K. Hackett's new play it might be ascribed to the fact that "The Grain of Dust" has penetrated the eye. But it is certain that the play reaches the heart.

Presented for the first time at the Macdonough yesterday afternoon and evening, Louis B. Shipman's dramatization of David Graham Phillips' novel proved to be pleasing and wholesome dramatic entertainment. The week's engagement of the Hackett company opened with well-filled houses, and the head of the organization was again acclaimed a favorite by Oakland theatergoers. Hackett has changed only in physical appearance since he first became known to Oaklanders in such romantic dramas as "The Prisoner of Zenda" and "The First Gentleman of Europe," appearing with Mary Manning as his leading lady, seventeen years ago. He is a stouter Hackett, but he is not the least a fine ideal well adapted to the modern drawing-room drama.

"The Grain of Dust" is not a great play, although the condensed dramatic form of the story, with numerous changes, is an improvement over the tedious novel which appeared in the Saturday Evening Post a year ago. It takes its place as another play against the wrongs of capitalism, whose representatives, according to Frederick Norman, the corporation lawyer of the play, merely "take money away from those who don't know how to keep it." To "gather roses while we may" in "these radical and dangerous times" is another part of the hero attorney's gospel.

WOMAN AND CAPITAL.
It is difficult to say whether the play contains more shatters hurled at capitalistic greed or more jibes at enigmatic woman than anything else in its complement of epigrams. It is impossible to disagree with the fact that "America is the most feminized nation in the world" are given as some of the results of Telford's observations as a bachelor. The stage character of the humble law firm attaches far more lovable than that of Phillips' novel and furnishes half the delight of the production.

"The Grain of Dust" tells a simple story and is filled with bright dialogue, dealing with the ruin of a young man fighting courage over a designing enemy backed by wealth, a victory in which wealth is shown the defeated.

JILTING STARTS TROUBLE.
Frederick Norman, successful New York attorney, causes most of the trouble detailed in the four acts of the play by jilting his fiancée, Dorothy Burroughs, a beautiful stenographer in the office of Norman's firm. When he refuses to discharge the girl at the command of Josephine Burroughs, his fiancée and daughter of Isaac Burroughs, her father, and most important client, Josephine becomes enraged and later her father reaches the same state when he finds that Norman is "through with" his daughter.

Gray was sentenced two months ago for having provided intoxicants with which his fellow-travelers celebrated not only, but too well, at the commemoration of a birth in the Gray family. As crops were standing in his fields, Gray was granted a two-month suspension.

This having expired, he applied for admission to the jail, Sunday, and was refused. After bothering city and county officials for two days, he finally got the needed papers, last night, and marched to jail.

PORTLAND, Ore., Sept. 3.—Reversing the usual order, George Gray, a wealthy Klamath Indian, succeeded in getting into jail, yesterday, to serve a sixty-day sentence, only after a series of applications and arguments to secure the necessary commitment papers.

PRUNE CROP WILL BRING BIG SUM.
ANDERSON, Sept. 3.—The prune harvest in Anderson valley began yesterday. One thousand men, women and children will be given employment for six weeks in the orchards and packing houses.

Growers are in high glee for the crop is a record breaker, and prices are good. Anderson valley will produce 2500 tons of fine prunes. At the average contract price is close to \$100 a ton, the crop will put \$250,000 in the pockets of the growers.

HUSBAND FOUND; WIFE'S WARRANT IS DULY SERVED

MRS. MARTHA F. SWIFT.

THREATS MADE BY MRS. M. F. SWIFT

Divorce and Other Proceedings Likely to Follow Domestic Entanglement.

SAN FRANCISCO, Sept. 3.—After two days' search, detectives were successful in locating Harry L. Swift, manager of the Dayton Inner Tire Company's local office in the Monadnock building, and a warrant sworn out by his wife, Mrs. M. F. Swift, was served for failure to provide bail was furnished to the amount of \$500 by William Abbott, counsel for the United Railroads, who is serving in the capacity of attorney for Swift.

If all the parties live up to the threats made yesterday there is a possibility of the couple's domestic difficulties receiving an unusual court airing, and the connection in them of George Robert Daly, a salesman for and intimate friend of Swift, Mrs. Swift went to the Palace hotel Friday after being refused admittance to the husband's apartments in the Baldwin hotel, but left for the north before Swift's arrest last night. She has kept her denials a secret and will be gone several days.

HIDES IN PARK.
According to Daly, who occupies a room next to Swift at the Baldwin, Swift was "supposed to be out of town until he grew tired of dodging the police and gave himself up to be released on bail a few moments afterward. Swift said he had been hiding in Golden Gate Park."

Mrs. Swift has just returned from Europe, where she went two months ago as a buyer for a mercantile house at a large salary. Upon her return she was refused admittance to her husband's room where she claims to have had considerable clothing, being told by the manager that Swift had left instructions that she was not to be given the key to his room.

"Swift and I were married five years ago in Salt Lake City," she said. "At the time he was earning \$25 a week and I was buyer for a mercantile house there at a large salary. I had to make a business trip a week after we were married. In the course of which I was injured in a train wreck. When I got back to Salt Lake he told me that he had quit his position and was penniless. I paid six and he took that. Ever since then I have been the breadwinner and it was on money given to him by me that he started in the business in which he is now engaged. In all, he obtained \$900 from me since our marriage. I don't want him back, I would not have him as a gift, but I do want, and think I am entitled to, at least \$4500 of my own money back."

CONDEMNS DALY.
Daly received severe condemnation by Mrs. Swift, and as the result of her alleged casting of her husband's friend and employee, if Daly made good his threat of yesterday, the woman will be made the defendant tomorrow in a suit for \$5000 for alleged defamation of character.

Mrs. Swift, however, scoffed at his threats, and replied that she and her attorney, Ralph Rose, the famous athlete, were quite prepared to combat any actions brought by Daly.

Swift declined to make any statement following his release. Daly was not so secretive. He replied to Mrs. Swift's charges by denying all her allegations, and voiced his threat to prosecute her. "Swift is my employer and has been for three years," said he. "When he decided to establish himself in business here, he brought me with him from Portland. Mr. and Mrs. Swift and I came down together on the boat. We lived at different times at first, but shortly after our arrival Mrs. Swift found the apartments at the Baldwin and arranged for me to move here, too. She is continually quarreling with Swift, always making scenes, and recently, besides making me a target for her vituperations, she has threatened to kill me."

Mrs. Swift intimated that she would bring suit for divorce soon as she had been a resident of the state a year, which will be next November.

Boy, 12, Rescues Lad From Ocean.

LONG BEACH, Sept. 3.—Charles I. Richardson, 12 years old, proved himself a hero here yesterday when fully dressed he jumped into the ocean from the end of a pier and rescued Charles Sanford, 8 years of age, who had upset his rowboat and who was nearly drowned.

5-MILE TUNNEL TO BE BUILT ON S. P.

Long Bore to Be Made Through the Sierras; Electric Trains Will Be Used.

SAN FRANCISCO, Sept. 3.—The next project of the Harman system is a 5-mile tunnel through the Sierra Nevada mountains. That the long bore was to be made was announced two years ago as a part of the program of track improvement now under way between San Francisco and Omaha. At the Palace yesterday, Chairman Robert S. Lovett of the board of directors said that he and his associates were considering the building of the tunnel through the mountains at a point between Blue Canyon and Truckee.

The tunnel will be about five miles long and will be the longest of its kind in the world. Lovett intimated the cost would be in excess of \$20,000,000. Trains propelled by electric power will have to be used in the big mountain bore. The main object for having the tunnel is to cut down about 1000 feet of the present mountain grade. The point picked out for its location will necessitate a big change in the present line between Truckee and Blue Canyon.

DOUBLE TRACK SYSTEM.
The bore is to take a single track, double tracks running up to its east and west portals. There will be a double track system from its western portal clear to the Oakland mole. From the eastern portal the double tracks will run on to Omaha, other parts of the line here and there left as a single track for one reason or another.

The problems connected with this project, those of finance, engineering and electric power, are being considered by Judge Lovett and the powers allied with him. It is known that the first two problems have been considered and can be handled favorably tomorrow if need be. The question of a proper and permanent electric power for the tunnel under the conditions it will present is the bothersome problem. Electrical experts have figured out several solutions of it, but none as yet meets their complete satisfaction or that of their superiors.

TO USE ELECTRIC TRAINS.
Judge Lovett, while in the city this week, is to devote some of his time to further consideration of this problem with President Sproule and the experts of the company. It is not contemplated to use electric trains on the tunnel under the conditions it will present is the bothersome problem. Electrical experts have figured out several solutions of it, but none as yet meets their complete satisfaction or that of their superiors.

FIVE-MILE TUNNEL.
"A five-mile tunnel at a point between Blue Canyon and Truckee, and of from the present line," said Judge Lovett, "is a problem we have been wrestling with. It is a tentative problem as yet, but I am inclined to think it will be constructed one of these days for use by electric trains in order to get rid of about 1000 feet of grade, which is something, of course, worth while to overcome in mountain railroading. The electrical power problem connected with the project has not yet been solved properly, but it is being worked out by the experts."

"Meanwhile we are going on with our double-tracking between the Oakland mole and Blue Canyon, and between Truckee and Ogden. Double-tracking is also favorably progressing between Ogden and Omaha. Unless something unforeseen happens most all of this work will be finished by 1915. The proposed tunnel, of course, cannot be finished by that time, even if we were to start on it this year."

"No, I cannot predict when the boring of the tunnel will be commenced. It is a formidable undertaking, one that we have given much thought to and must now be considering until all the various phases of work involved are settled."

NO LOSS OF TIME.
Judge Lovett does not think there will be any marked decrease in passenger train time between San Francisco and Chicago when the double-tracking is finished. Primarily the improvement in tracks is to accommodate more business, many more passenger and freight trains, and not for increased passenger schedules, which are already fast, because the passenger service has the right of way. The proceeds of a \$50,000,000 bond issue for the Central Pacific floated on the Paris bourse, he says, have been either spent or allotted for Central Pacific double tracks or other of its improvements.

"SCIENCE AND JEWISH HEALTH LAWS," SUBJECT

Prof. M. E. Jaffe of the University of California will address the Daughters of Israel Relief Society at the first meeting of the winter season to be held tomorrow afternoon in the vestry room of the First Hebrew Congregation, 1015 Broadway. The subject will be "Jewish Health Laws in the Light of Modern Science." Musical selections will be given by Miss Roxie Welch, the talented local pianist. The session will be open to the patrons of the organization and the members.

STORE IS RANSACKED.
SAN FRANCISCO, Sept. 3.—The notion store of Mrs. Minnie Thomas, 1768 Turk street, was ransacked by a burglar last evening and goods to the value of \$45 taken. Entrance was gained by breaking the glass in the front door.

A Wonderful Tonic That Aids Digestion.

Thousands are unable to digest certain kinds of food. In most cases it is not the fault of the food, nor the stomach, but the trouble that the stomach has been abused. Many resort to prolixated foods and various kinds of medicines to get relief from dyspepsia, indigestion and heartburn, but without present benefit. If your stomach was in perfect condition, you would not need medicine to digest the foods you eat. Javay's Tonic is a stomach regulator. It stimulates the stomach in such a condition that it will digest food without other assistance. It overcomes the acidity and stimulates the appetite. It is a woman's and children's tonic. They will properly absorb and assimilate the nutriment from the food eaten. Sufferers from dyspepsia and indigestion will find permanent relief in a short time after beginning the use of the tonic. For children, the addition of a little sugar will make it most palatable.

Many forms of prolixated digestion are the result of intestinal parasites, for which Javay's Tonic is a sure cure. It is a powerful purgative. Millions have praised it for more than twenty years. Sold by druggists everywhere. Dr. J. Javay & Son, Philadelphia, Pa.

Is Your's a Silent Piano?

The Player-Piano has come into its own.
It is the accepted, the authoritative medium of every music-loving household.
Its educational value is beyond estimate; a thorough musical education can be acquired in no other way, so easily, so quickly.
It is the instrument for every member of the family; that gives pleasure unending and furnishes entertainment for guests and friends.
It replaces the silent piano—that instrument which has stood a sadder ornament for years—filling the home with melody and life.
It brings to every member of the family the ability to play the piano with real artistry; giving to each composition, popular or classic, all the characteristic dash and brilliancy of the truly gifted pianist.
It makes Wagner, Liszt, Beethoven, Schubert and all other of the world's great composers your intimates and your friends.
It is, in fact, the highest evidence of culture, the most prolific source of pleasure, the most profitable investment that can be made for the home, and, once installed, the most indispensable necessity.

PICKPOCKETS AT WORK ON HOLIDAY

Light Fingers Gentry Clean Up Harvest From the Labor Day Crowds.

Pickpockets took advantage of the holiday and yesterday, and victimized several Oakland residents. Miss Hilda Walz was robbed by pickpockets while in a crowd leaving a Fruitvale theater. A small purse containing five rings and \$10 in coin being taken.

J. J. Gaffney, an officer of the Steamer Dauntless now in dock in San Francisco, was held up at Eighth and Washington streets and robbed of his gold watch, valued at \$20. The men snatched his watch and made their escape in the crowd, but without present benefit. A good description of the thieves.

J. W. Emery, 2212 Channing way, Berkeley, was robbed by pickpockets in the crowd leaving the ball game at Presman's park, \$10.65 being taken. Burglars entered the home of Hugh Crummett, at 3504 Telegraph avenue, and stole \$14.00.

Some of the family, and lastly searched the house from garret to cellar. Stuffs of bureau drawers had been turned out on the floor, trunks were opened, silver chests emptied, and the contents of the linen chest had been examined.

The Commune family had been away from home on a motor trip to Santa Cruz and left O. Trevelick, a young neighbor, to look after the premises. He discovered the mess Sunday morning and late Sunday afternoon, and all was well Sunday morning he discovered that during the night burglars had pried up a pantry window and looted the house. The police were unable, yesterday, to estimate the amount of goods stolen.

Other burglaries reported to the police were as follows:
J. S. Day, 555 Eleventh street, room entered by burglar who used skeleton key, watch valued at \$15 taken.
C. H. Edwards, 1225 Broadway, shoes, a ring and shoes valued at \$12 and \$5 in coin taken.
Jerry Sagar, American house, room entered, \$6 in coin and garments valued at \$10 stolen.
